

Information regarding the upcoming ISCC audit

The date mentioned in our announcement e-mail, is the date reserved for the audit at your office only.

In case you are a collector of waste and residues, please notify us by return mail how many suppliers you have that provide you with more than 10 tons of material on average per month. These suppliers may be subject to an audit as well. The auditor will contact you in due time to determine the audit program and additional audit time if needed.

In case you make use of non-certified storage locations, please notify us by return mail how many non-certified storage locations you make use of. These storage locations may be subject to an audit as well. The auditor will contact you in due time to determine the audit program and additional audit time if needed.
