

## PRODUCT SHEET ESG INSIGHT ASSESSMENT

**Are you committed to maintaining a successful sustainable business model? Do you want to showcase your environmental, social, and governance (ESG) performance to investors, stakeholders, and customers? Our ESG Insight Assessment evaluates your environmental impact, social initiatives and governance framework so you can manage risk and align operations with regulatory requirements. Distinguish yourself from the competition, strengthen stakeholder trust, and position your company as a leader in sustainability!**

Environmental, social and governance (ESG) is a globally accepted framework used to assess business practices and performance relevant to sustainability, ethics and compliance. Increasingly more investors rely on ESG criteria to evaluate potential businesses in which to invest, making ESG an important aspect for companies looking to attract new investment and access new markets. ESG Insight Assessment analyzes operations, policies and performance metrics to provide you the valuable insight and effective improvement recommendations you need to succeed.

### **Positioning the Company for Long-Term Success**

Invaluable to shifting your business towards a long-term sustainable model, our ESG Insight Assessment helps you integrate ESG factors into your decision-

making processes so you can take advantage of new business opportunities, reduce costs, enhance operational efficiency and stand out to investors as well as:

- ▶ Identify and manage potential risks related to environmental, social, and governance factors,
- ▶ Build a positive reputation to foster stronger relationships with customers and employees,
- ▶ Access critical capital and fair operating practices needed to grow your business,
- ▶ Ensure compliance with existing and emerging standards to lower legal and regulatory risks,
- ▶ Innovate and develop sustainable products, services, and processes meeting changing consumer preferences and
- ▶ Gain competitive advantage by rising above competitors and distinguishing your company as a leader in sustainability.
