Safety instructions

Headquarters Stuttgart

Welcome to DEKRA

Your safety at DEKRA is very important to us. Please observe our safety instructions to ensure a pleasant and safe stay.

Reporting to the front desk and your stay

You must report to reception in building Q1 before entering the operations buildings (Q1-7). This is where you receive these safety instructions.

Safety instructions for groups of visitors

Remain close to your DEKRA contact person and do not wander away from your visitor group. Do not use any work equipment without being instructed in advance. Inform your DEKRA contact person about any lacks of safety.

The following applies to the entire company:

-  Smoking allowed only in designated areas.
-  Do not enter specially marked departments such as laboratories and IT areas.
-  Do not enter the inspection hall until told you may do so by DEKRA personnel. Be particularly careful here.
-  Use the handrail when going up or down stairs.
-  Keep emergency exits, escape and rescue paths free at all times.

Pay attention to special safety signs in the different working areas.

Behaviour during alerting

In the event of a alarm, stop work at once, leave the affected section immediately, and make your way to the assigned meeting point. Remain in the vicinity of your DEKRA contact person. Do not re-enter the building until told to do so by the fire department or the building services.

Location map of buildings Q1 to 7 and routes to the meeting points.

Meeting point curved area Q7 (DEKRA Labor): Q1-3, Q6-7

Meeting point entrance Godel-Beton: Q4

Opposite side of the road: Q5

Behaviour in case of fire

- Keep calm
- If you see a fire, inform the fire department or your DEKRA contact person immediately
- Warn persons who may be in danger
- Leave the building, following the marked escape routes
- Follow the instructions given by the fire department
- Do not use the elevators
- Help injured or disabled people
- Go to the meeting point
- Keep fire department access route free
