## Paraguay CONATEL Authorizes 6 GHz Band for Wi-Fi 6E

The Comisión Nacional de Telecomunicaciones (CONATEL) of Paraguay published Resolución Directorio N° 1035/2025 on April 23, 2025, on the authorization of the 5925-6425 MHz band for low power wireless access systems. The 6 GHz sub-band 6425-7125 MHz is forbidden, and all Wi-Fi 6E devices in Paraguay must have this sub-band disabled. Manufacturers and Importers who are interested in including the Wi-Fi 6E feature in certificates of already approved products may request a partial modification to their current certificates.

## Vietnam MST Issues Circular on 71-76 GHz and 81-86 GHz Band Allocation

The Ministry of Science and Technology (MST) of Vietnam issued Circular No. 02/2025/TT-BKHCN on Radio Frequency Channel Allocation for 71-76 GHz and 81-86 GHz Bands on March 31, 2025. This new Circular will come into effect on May 15, 2025.

## India NCCS Publishes ITSARs for IoT End Devices

The National Center for Communication Security (NCCS) of India published the following Indian Telecom Security Assurance Requirements (ITSARs) on April 21, 2025:

- ITSAR309062504 – Smart Camera
- ITSAR309052504 – Smart Electricity Meter
- ITSAR309072504 – Vehicle Tracking Device
- ITSAR702052504 – Group-V Devices
- ITSAR702042504 – Group-IV Devices
- ITSAR702012504 – Group-I Devices
- ITSAR309042504 – Feedback Device

## Thailand TISI Updates Standards

The Thai Industrial Standards Institute (TISI) has updated the following standards:

- TIS 2134-2022 Air conditioners for rooms, energy efficiency – Effective starting April 4, 2026.
- TIS 2461-2565 Hot and cold water dispensers for consumption and cold water dispensers for consumption: safety only – Effective starting October 1, 2025.
- TIS 60335 Part 2(13)-2021 Safety of household electrical appliances and similar electrical appliances Part 2(13) Particular requirements for deep-frying appliances, frying pans and other similar electrical appliances – Effective starting October 1, 2025.
- TIS 60335 Part 2(23)-2021 Safety of household electrical appliances and similar electrical appliances Part 2(23) Specific requirements for electrical appliances for hair, fur or skin care – Effective starting October 1, 2025.
- TIS 60335 Part 2(25)-2022 Safety of household and similar electrical appliances – Part 2(25): Particular requirements for microwave ovens, including combination microwave ovens – Effective starting December 30, 2025.
- TIS 866 Vol. 30(101)-2018 Rotating electrical machinery Vol. 30(101) Efficiency classes of three-phase induction alternating current electric motors – Effective starting April 18, 2026.
- TIS 1436 Vol. 3-2021 Low-voltage switchgear and control gear assemblies, Vol. 3 Power distribution boards intended for general use – Effective starting October 1, 2025.

Importers currently holding certificates or new local importers must follow these new standards for certification.

## China MIIT Abolishes 2 Regulations on 40-50 GHz Band Use

The Ministry of Industry and Information Technology (MIIT) of China published a notice on March 17, 2025, announcing the decision to abolish the following regulations:

- Notice on the Release of Frequency Use of Point-to-Point Wireless Access Systems in Fixed Services in the 40-50 GHz Frequency Band
- Notice on the Release of Frequency Use of Broadband Wireless Access Systems in Mobile Services in the 40-50 GHz Frequency Band

This notice will come into effect on January 1, 2026, and after this point all radio management agencies will no longer accept and approve 40-50 GHz frequency band use for point-to-point wireless access systems in fixed services, and broadband wireless access system equipment in mobile services.
