

EcoVadis Sustainability Readiness

We are a FORS Affinity Partner

EcoVadis is a worldwide trusted and recognised provider of business sustainability ratings for global value chains.

More than half of organisations (52%) include an EcoVadis rating as part of their Request for Proposal criteria. Don't miss out on business opportunities.

Your benefits of a good EcoVadis rating

- Distinguish your business with a globally trusted sustainability rating
- Understand your sustainability performance and define tailored improvement areas based on defined ambition levels
- Benchmark against peers in your sector, country and size for competitive insights
- Establish your reputation as a trusted, valuable business partner along the supply chain by transparently sharing your performance and results
- Strengthen stakeholder and customer relationships

Submission Advisory

Our EcoVadis Rating Submission Advisory explains EcoVadis methodology so you can understand and answer questions appropriately and efficiently prepare required evidence.

Our service is conducted in the following process:

1. **Gap analysis and guidance** (e.g., ambition level definition, joint questionnaire review and gap analysis)
2. **Questionnaire completion** (e.g., fill in answers, select evidence)

Improvement Advisory

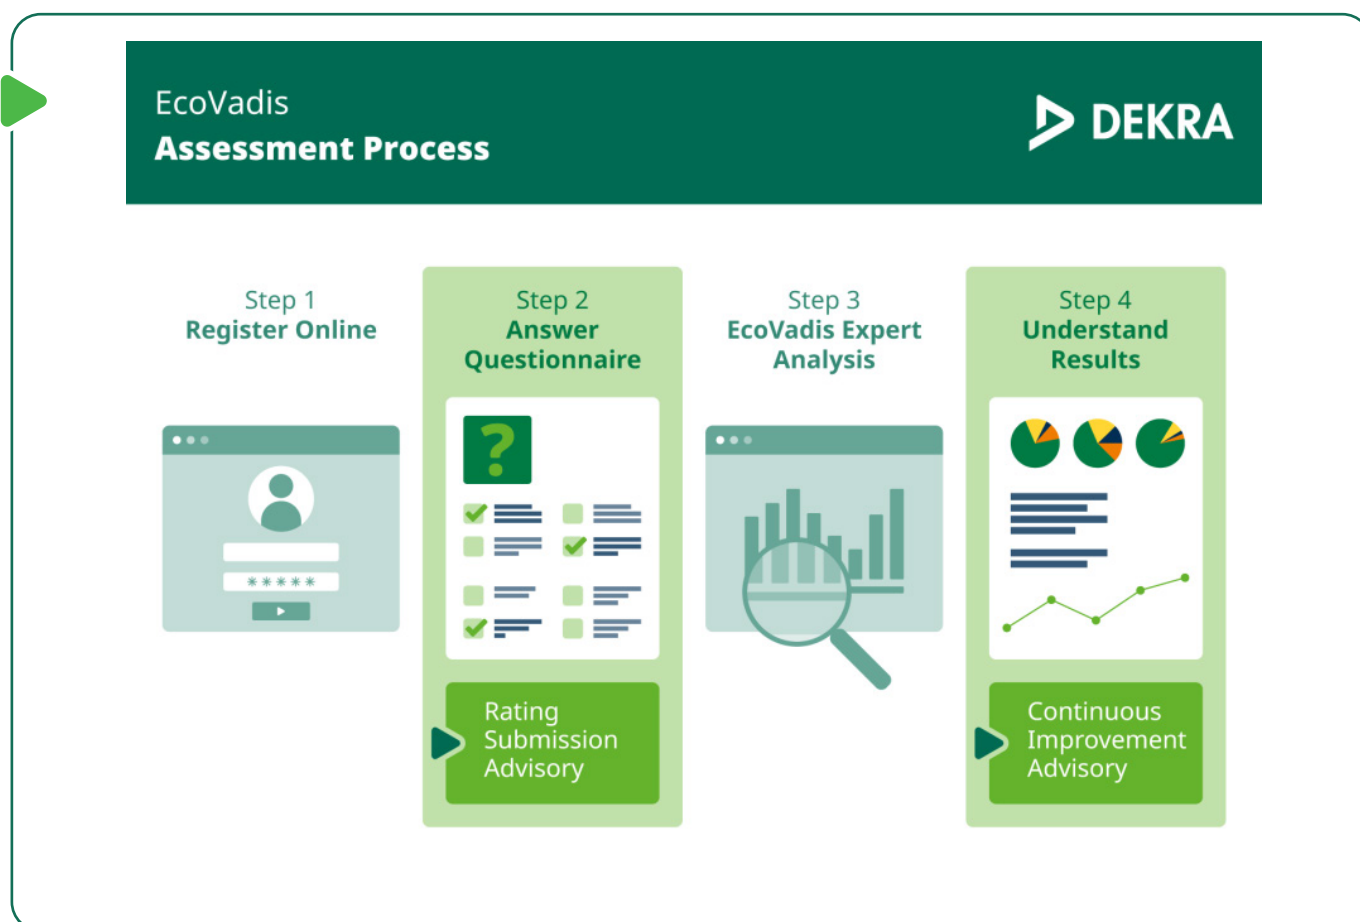

Our EcoVadis Continuous Improvement Advisory focuses on analysing the existing scorecard and enhancing sustainability performance by developing a customer roadmap.

Here, DEKRA experts provide:

1. **Scorecard analysis**
2. **Selection of improvement areas and identification of suitable measures**

Our financial proposal is based on the size of the business estimated by DEKRA and based on the information supplied by the customer during the request for EcoVadis services. DEKRA reserves the right to review the financial approach if these assumptions around the business operations and size were to change drastically. Additional technical advisory services, which are not part of the services will be agreed with the client and charged at a daily rate.
