

FORS Sustainability Readiness

We are a FORS Affinity Partner

Your pathway to FORS Readiness

Join us in leading the change towards a sustainable future for the UK and Europe.

Our assessment caters to organisations of all scales. This comprehensive evaluation ensures no stone is left unturned.

Benefits

- **Close the gaps to achieve FORS V7:** Engage with sustainability topics as part of G8 in your FORS assessment, get support to rapidly create you decarbonisation and fleet transition documentation (G3 & G7) which have been assessed by an independent and credible third party.
- **An assessment for all fleet sizes:** Our assessment caters to organisations of all scales, from those with a handful of vehicles to massive logistics operations with extensive fleets. Regardless of the magnitude of your transportation assets, this comprehensive evaluation ensures no stone is left unturned.
- **The tool is easy to use:** DEKRA's online audit tool, based on the existing FORS audits, helps your organisation go beyond the requirements of the service.
- **Showcase sustainability leadership:** Get a rating and a badge that reflects your preparedness for sustainability standards that you can display to your customers, investors and community. There are 5 different credentials so far, from innovators, to improvers, that will allow you to demonstrate your efforts.
