

Faixa de pedestre

Passos seguros, futuros protegidos.
É assim que a DEKRA ajuda a construir
um trânsito mais seguro para todos.

 **DEKRA** **'100.**
YEARS

Placas de trânsito

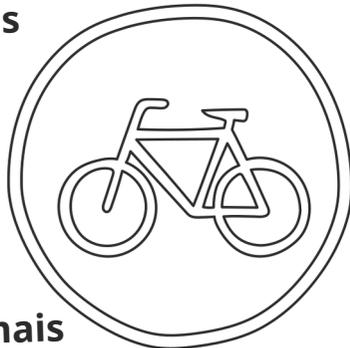

Travessia de pedestres

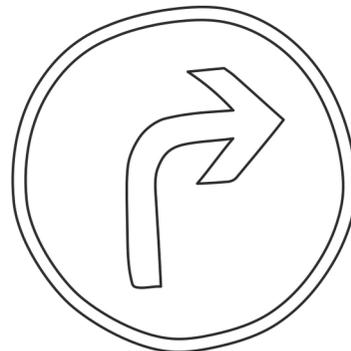

Circulação exclusiva de pedestres

Circulação exclusiva de bicicletas

Sentido de direção obrigatória à direita

Trânsito de animais de montaria

Placas vermelhas alertam, azuis orientam e amarelas avisam. Fácil, né?

Obras na pista

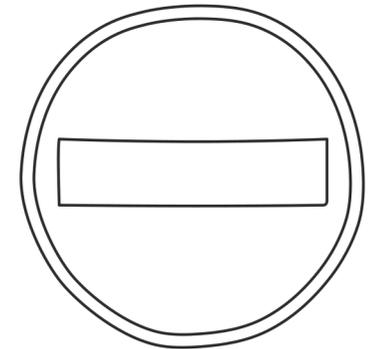

As placas mostram o caminho. A atenção mantém você seguro.

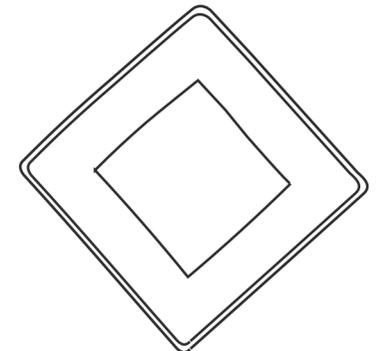

Parada obrigatória (PARE)

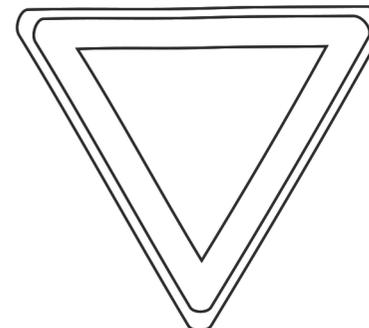

Proibido entrar

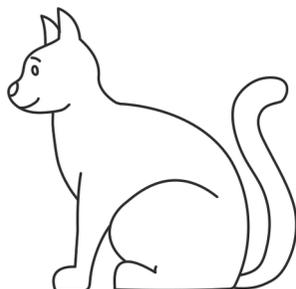

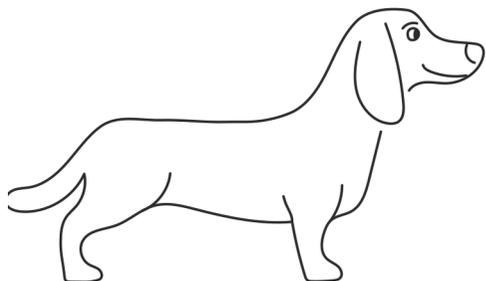

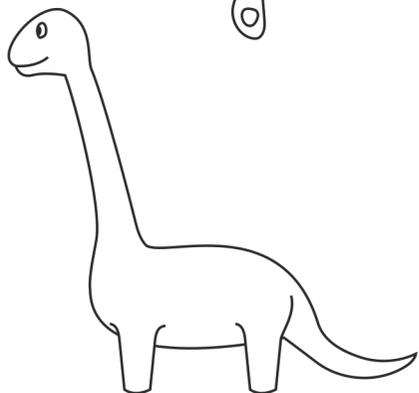

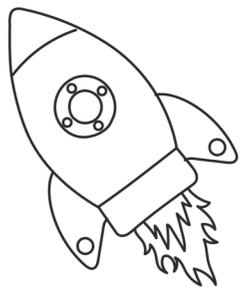

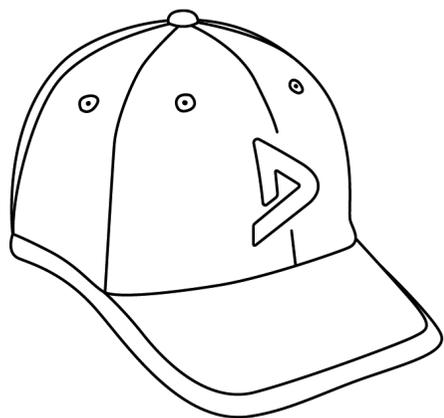

Via preferencial

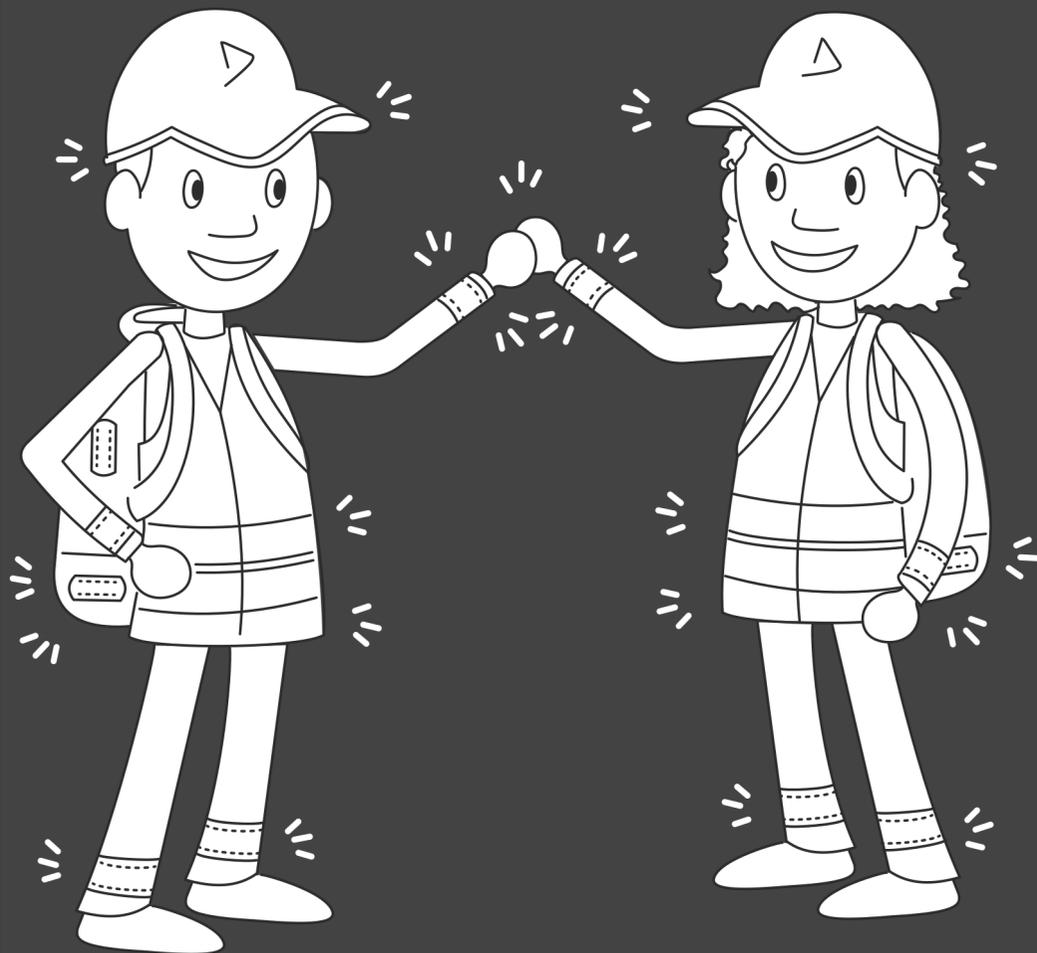

Dê a preferência

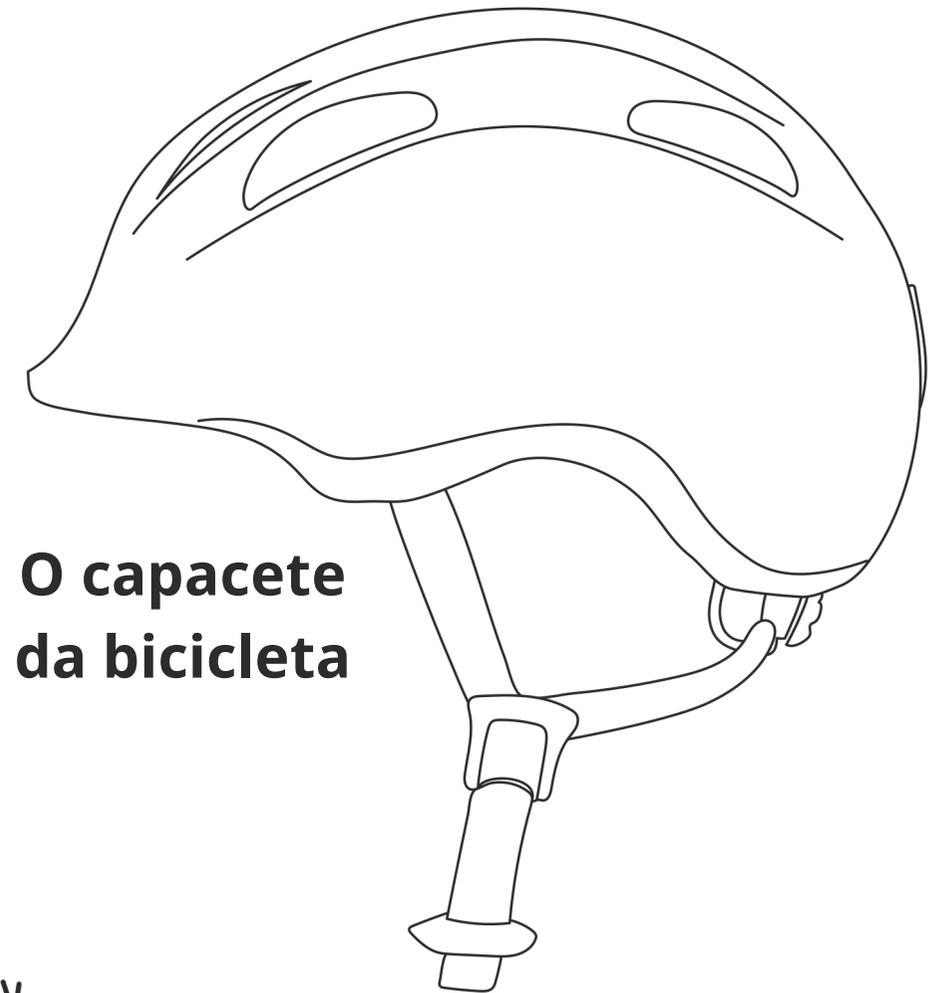

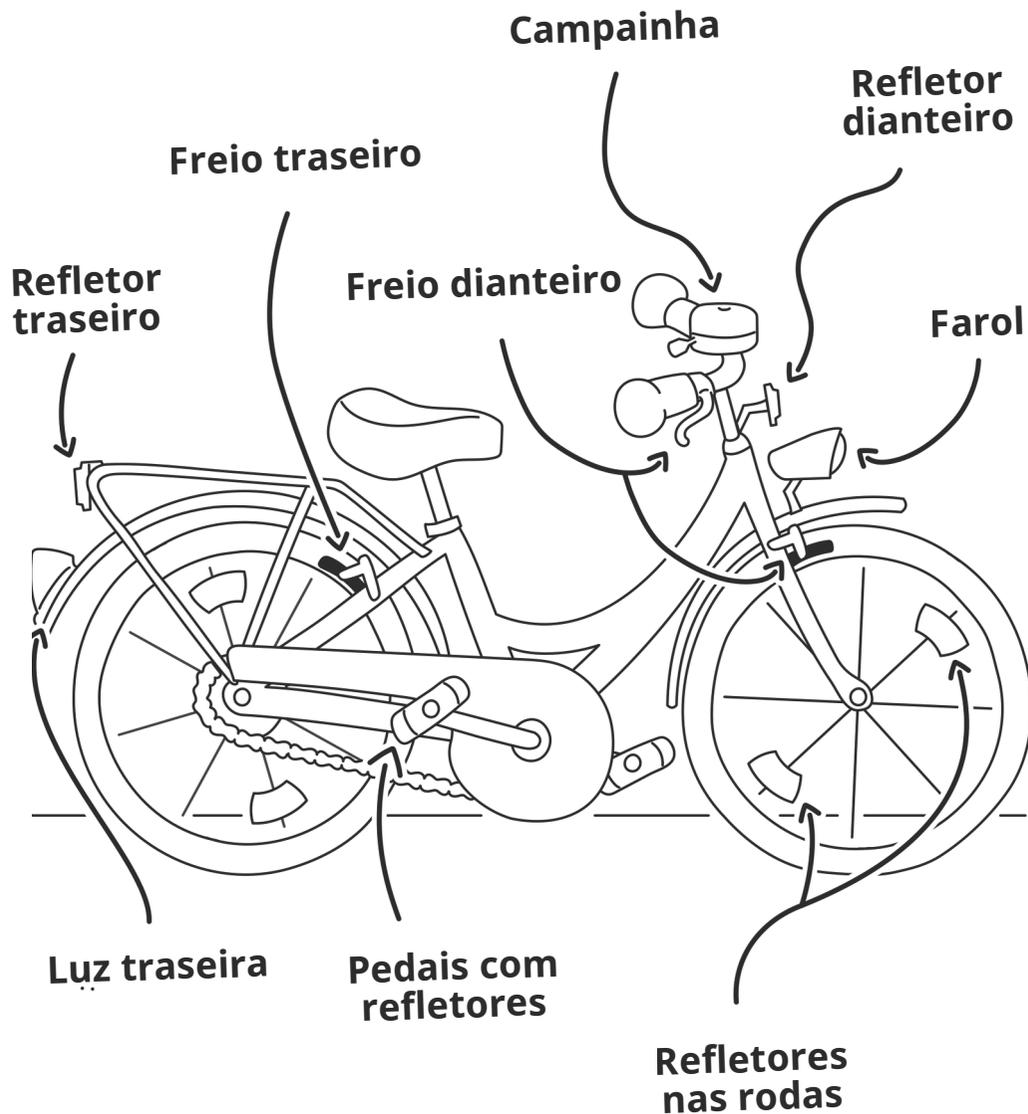

Estar visível é estar seguro

Com cores claras e vivas e faixas que refletem a luz, você é visto até no escuro. É assim que a DEKRA ajuda a cuidar do presente - e a proteger o futuro.

Ciclismo com segurança

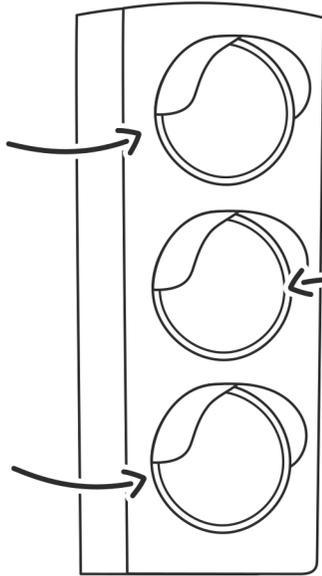

Capacete na cabeça, equipamentos de segurança em ordem e atenção no caminho: pequenos gestos que protegem o futuro.

As cores do semáforo mostram o momento certo de agir.
Respeitar cada uma é cuidar da vida e proteger o futuro.
