

Courses Currently Available

As a safety leader, you want each team member to return home healthy after each shift. To do this, everyone in your organization needs to know how to work safely and how to comply with regulations. You need to support your team with a full suite of training that meets their needs, from new hires and temporary workers to people managers and senior executives. The solution? On-demand and comprehensive environmental, health, and safety (EHS) training covering a broad range of topics and learning styles.

DEKRA offers over 190 courses on critical topics to fulfill your regulatory compliance, safety, and human resources training needs. Our on-demand courses not only meet OSHA requirements but go beyond compliance to protect people, properties, and communities. Courses are also offered in Spanish.

- Accident Investigation
- Active Shooter: Surviving an Attack
- Arc Flash
- Back Safety in Industrial Environments
- Back Safety in Office Environments
- Bullying and Other Disruptive Behavior: for Employees
- Bullying and Other Disruptive Behavior for Managers and Supervisors
- Compressed Gas Cylinders
- Computer Workstation Safety
- Conflict Resolution in Industrial Facilities
- Conflict Resolution in the Office
- Coronavirus: Guarding Against COVID-19
- COVID-19 in Healthcare Environments (OSHA's Emergency Temporary Standard)
- Crane Safety in Industrial and Construction Environments
- Dealing with Drug and Alcohol Abuse...for Employees
- Dealing with Drug and Alcohol Abuse...for Managers and Supervisors
- Dealing with Hazardous Spills
- Defensive Driving
- Distracted Driving
- Diversity in the Workplace... for Employees
- Diversity in the Workplace... for Managers and Supervisors
- Driving Safety
- Driving Safety: The Basics
- Electrical Safety
- Evacuation Procedures
- Eye Safety
- Fall Protection in Industrial and Construction Environments
- Fighting Fatigue in the Workplace
- Fire Prevention in Healthcare Facilities
- Fire Prevention in the Office
- First Aid
- Fitness and Wellness
- Food Handling Safety
- HACCP in the Food Industry
- Industrial Fire Prevention
- Hand and Power Tool Safety
- Hand, Wrist and Finger Safety
- Handling A Sexual Harassment Investigation
- Hazard Recognition
- Hazardous Materials Labels
- Heat Stress
- Hot Work Safety and the Permitting Process
- I2P2: Illness and Injury Prevention Programs
- Industrial Ergonomics
- Ladder Safety
- Loading Dock Safety
- Machine Guard Safety
- Manual Pallet Jack Safety
- Materials Handling Safety
- Motorized Pallet Truck Safety
- Office Ergonomics
- Office Safety
- Patient Handling Safety
- Preventing Sexual Harassment...for Employees
- Preventing Sexual Harassment... for Managers and Supervisors
- Preventing Sexual and Other Forms of Harassment for California Employees
- Preventing Workplace Discrimination... for Employees
- Preventing Workplace Discrimination... for Managers and Supervisors
- Returning to Work During the Coronavirus Pandemic...for Employees
- Returning to Work During the Coronavirus Pandemic... for Managers and Supervisors
- Rigging Safety in Industrial and Construction Environments
- Safety Audits
- Safety Awareness for New Employees
- Safety Housekeeping and Accident Investigation
- Safety Orientation
- Safety Showers and Eye Washes
- Safe Lifting
- Slips, Trips and Falls
- Using Fire Extinguishers
- Walking and Working Surfaces
- Warehouse Safety
- Welding Safety
- Winter Safety
- Work Zone Safety
- Working From Home
- Workplace Harassment in Industrial Facilities
- Workplace Harassment in the Office
- Workplace Stress
- Workplace Violence
- Workplace Violence in Healthcare Facilities

- Aerial Lifts in Industrial and Construction Environments
- Asbestos Awareness
- Bloodborne Pathogens
 - Commercial & Industrial Facilities
 - First Response Environments
 - Healthcare Facilities
- Confined Space Entry
- DOT HAZMAT
 - General Awareness
 - In-Depth Security
 - Safety Training
 - Security Awareness
- Emergency Planning
- Forklift Safety: Industrial Counterbalance Lift Truck
- Forklift/Powered Industrial Truck Safety
- Globally Harmonized System (GHS)
 - GHS Container Labels
 - GHS Safety Data Sheets
 - Introduction to GHS (The Globally Harmonized System)
- Hazard Communication
 - Auto Service Environments
 - Cleaning and Maintenance Environments
 - Healthcare Environments
 - Hospitality Environments
 - Industrial Environments
- Hearing Conservation and Safety
- HIPAA Rules and Compliance
- Indoor Air Quality
- Introduction to OSHA
- Lock-Out/Tag-Out
- OSHA Lead Standards
- OSHA Recordkeeping
 - For Employees
 - For Managers and Supervisors

- Personal Protective Equipment
- Respiratory Protection and Safety
- Scissor Lifts in Industrial and Construction Environments
- Silica Safety in Industrial and Construction Environments
- Supported Scaffolding Safety in Industrial and Construction Environments
- Suspended Scaffolding Safety
- Tuberculosis in Healthcare Environments

- Aerial Lifts in Industrial and Construction Environments
- Caught-In/Between Hazards in Construction Environments
- Crane Safety in Industrial and Construction Environments
- Dealing with Drug and Alcohol Abuse.... for Employees in Construction Environments
- Dealing with Drug and Alcohol Abuse.... for Managers and Supervisors in Construction Environments
- Electrocution Hazards in Construction Environments Part I Worksite Safety
- Electrocution Hazards in Construction Environments Part II... Employer Requirements
- Eye Safety in Construction Environments
- Fall Protection in Industrial and Construction Environments
- First Aid in Construction Environments
- Globally Harmonized System (GHS)
 - GHS Container Labels
 - GHS Safety Data Sheets
 - Introduction to GHS (The Globally Harmonized System)
- Hand and Power Tool Safety in Construction Environments
- Hand, Wrist and Finger Safety in Construction Environments
- Hazard Communication in Construction Environments
- Heat Stress in Construction Environments
- Ladder Safety in Construction Environments
- Personal Protective Equipment in Construction Environments
- Rigging Safety in Industrial and Construction Environments
- Safe Lifting in Construction Environments
- Safety Orientation in Construction Environments
- Scissor Lifts in Industrial and Construction Environments
- Slips, Trips and Falls in Construction Environments
- Struck-By Hazards in Construction Environments
- Suspended Scaffolding Safety in Construction Environments
- The OSHA Lead Standard in Construction Environments
- Trenching and Shoring Safety in Construction Environments
- Walking and Working Surfaces in Construction Environments

Laboratory Safety Series

- Electrical Safety in the Laboratory
- Flammables and Explosives in the Laboratory
- GHS Safety Data Sheets in the Laboratory
- Handling Compressed Gas Cylinders in the Laboratory
- Laboratory Ergonomics
- Laboratory Hoods
- Orientation to Laboratory Safety
- Planning for Laboratory Emergencies
- Preventing Contamination in the Laboratory
- Safe Handling of Laboratory Glassware
- Safety Showers and Eye Washes in the Laboratory
- The OSHA Formaldehyde Standard

- Accidental Release Measures and Spill Cleanup Procedures
- Confined Space Entry
- Dealing with the Media in Emergency Situations
- Decontamination Procedures
- Electrical Safety in HAZMAT Environments
- Emergency Response Plan
- Exposure Monitoring and Medical Surveillance
- Fire Prevention
- Handling Hazardous Materials
- HAZMAT Labeling
- Heat Stress
- Introduction to HAZWOPER Retraining
- Medical Surveillance Programs
- Monitoring Procedures and Equipment
- Personal Protective Equipment
- Personal Protective Equipment and Decontamination Procedures
- Respiratory Protection
- Safety Data Sheets in HAZWOPER Environments
- Safety Orientation
- The Site Safety and Health Plan
- Understanding HAZWOPER
- Understanding Chemical Hazards
- Work Practices and Engineering Controls
