

## DEKRA Process Safety Club

The preferred place to promote the sharing of experiences and best practices among process safety professionals.

### Target Audience

HSE Managers, Safety Managers, Department Heads and Supervisors, Process Safety Engineers, and more generally people operating and/or interested in Process Safety.

### Process Safety Clubs Objectives

Continuous changes in operating and business processes are inevitable: for this reason, a solid Process Safety culture represents the competitive advantage for companies, i.e. an asset to invest in.

Thanks to PS Club, we can build together the **culture of the future**, forgetting about competitions among companies, and increasing experiences on a personal, professional and social level

How can we do that?

- Sharing **experiences**
- Telling about **best practices**

Being part of the PS Club means:

- Being part of a network of selected Process Safety Experts
- Discussing Process Safety «hot topics»

- Learning from the past and capitalizing on the preferred contact with DEKRA experts and other participants

Each member of the Process Safety Club actively participates in discussion, in order to have a meaningful exchange. Each member of the Club will take turns acting as the moderator.

## PS Club Meeting

DEKRA Process Safety Club is made of 3 meetings per year. Each meeting will be held in hybrid form (face to face meeting in Milan or Rome, and remote connection) and will follow this agenda:

- *Introduction and topic presentation by a Club's Member*
- *Discussion*
- *Conclusions*
- *Closing Cocktail*

During each meeting one or more Process Safety topics, previously agreed upon, will be discussed.

**To subscribe** and suggest topics for discussion, please fill out the contact form below.

The meeting dates for 2023 are listed below:

<b>Thursday, 13<sup>th</sup> April</b>	3.30 -6.30 p.m.
<b>Thursday, 15<sup>th</sup> June</b>	3.30 -6.30 p.m.
<b>Thursday, 12<sup>th</sup> October</b>	3.30 -6.30 p.m.

**To subscribe, an annual fee is needed.**

What are you waiting for? Joins us in our Process Safety Club!

## Contact Form

Click on the Contact Form button, fill it out and write down your proposals and suggestions about topics you would like to discuss in the "Message" section.
