INTEGRITY OF DEKRA TESTING AND CERTIFICATION LTDA.
AS A CERTIFICATION BODY**

DEKRA Testing and Certification Limited (hereinafter "DEKRA TC" or "DEKRA"), in its role as Certification Body, certifies products and outsources other evaluation activities under contract, in an impartial and independent manner, guaranteeing no conflicts of interest in its activities. DEKRA and its collaborators are free from any commercial, financial and other pressures that may influence their decisions, opinions and technical judgments. This is done through confidentiality and conflict of interest agreements accepted and signed by each collaborator involved in certification activities, regardless of the activities between areas.

DEKRA TC does not engage in any activity that may compromise its independence of judgment and integrity in relation to its activities and undertakes to take action to respond to any risk to its impartiality arising from the actions of other persons, bodies or organizations of which it becomes aware. Any person or organization external to DEKRA has no influence on certification results and reports.

DEKRA TC limits its consulting and engineering services, advice, technical assistance, technical feasibility studies and outsourcing only to the information technology and communications sectors, in order to safeguard the conflicts of interest that affect the Certification Body.

All of the above confirms the impartiality and absence of conflicts of interest within the company, also declared in DEKRA's policies.
